Crosstalk. Mental Health and Well-Being of Children and Adolescents during the Covid-19 Pandemic

Date	19. March 2021, 09:00 - 16:30 CET, online via zoom
Abstract	The Covid-19 pandemic has brought about severe disruptions and unpredictability in the daily lives of children and adolescents. Isolation and contact restrictions due to the safety measures of Covid-19 may increase exposures to vulnerabilities and risks factors that can threaten mental health. This crosstalk aims to address topics on the development of Covid-19 pandemic and its effects on children and adolescents' mental health, as well as strategies to support children and their families during this difficult time.
Registration	Registration is required for this event as there are limited spots available. Lectures are available at no cost. Workshops are free for students from the Faculty of Psychology, University of Basel and participants of the MAS in Person-Centered Therapy, CAS in Animal-Assisted Therapy and CAS in Motivational and Interviewing and 150 CHF for others.

Crosstalk Moderator PD Dr. Yoon Phaik Ooi
